

#circular economy

#consumption

RETHINK THE WAYS WE CONSUME, PRODUCE, AND WORK IN ORDER TO ADDRESS ENVIRONMENTAL CHALLENGES.

Structure : FABCOOP

Bergerac

New Aquitaine

La Fab'coop?

It's a great organization in the Dordogne that brings together a wide variety of public and private stakeholders working toward a just transition in the region.

La Fab'coop aims to rethink the ways we consume, produce, work, and live together in order to address major environmental challenges.

La Fab'coop is also behind the creation of ["Le Bahut,"](#) a third place dedicated to transitions, and the Coop'R24 circular economy network, which includes ["La Brocante aux Matériaux."](#)

Our Projects

- **Brocante aux matériaux:** Building materials companies in the Dordogne are participating in the initiative (32 sales locations; see map)
Items for sale: Plumbing & fixtures, Electrical supplies, Floor & wall coverings, Insulation,

Liquid waterproofing & paint, Carpentry & roofing, Structural materials...

- Circular Economy Festival
- Local and Sustainable Pallet Recycling Initiative
- Collective self-consumption
- Object Library Pilot Project
- Mapping the Dordogne's economic ecosystem
- Supporting businesses in the Bergerac region in strengthening biodiversity
