REPAIR AND RENOVATION WORKSHOP: Bring your woodwork and metalwork back to life with Utiles

Have your shutters, doors, or windows lost their luster?

Our professional stripping service removes paint and impurities to reveal the original beauty of the wood or metal.

Meticulous, eco-friendly, and sustainable work, carried out by the team at Utiles, a local employment-focused organization.

Give your woodwork a new lease on life.

Why choose Utiles?

Utiles stands out for its expertise and personalized approach. Every project—whether it involves stripping woodwork, refurbishing furniture, or restoring metalwork—receives special attention and solutions tailored to each client's needs.

The use of modern techniques such as air blasting guarantees high-quality, environmentally friendly, and long-lasting results. Whether you want to renovate a single piece of furniture or undertake a complete restoration of your exterior woodwork, Utiles is with you every step of the way.

The Benefits of Professional Renovation

- Preservation of heritage: Each piece is treated with care to preserve its authenticity.
- Durability: The finishes applied protect wood and metal from the elements.
- Aesthetics: a flawless finish that showcases your woodwork and furniture.
- Custom solutions: the company tailors its techniques to each type of material and every project.

AN ETHICAL AND LOCAL RECYCLING CENTER

Our services are for anyone who wants to consume differently, repair rather than throw away, and benefit from local support:

What we offer:

- Smartphone repair
- Donation and collection of digital devices
- Sale of refurbished items and devices
- DIY, moving, gardening, and small-scale moves

THE STORE

Whether you visit our online store or stop by our physical store at 1 rue Berthelot in Langeac, you'll discover a wide selection of eco-friendly and sustainable products. We offer refurbished computer equipment and bicycles, as well as wooden items from our workshop and original sewing creations.

Sustainable development project through the creation of a “Maison du Bois” (Wood House): winner of the 2026 Inspiration Award organized by Crédit Coopératif
