Nature Conservation Rooted in the Provence Region

Structure : NATUROSCOPE

Marseille

Provence-Alpes-Côte d'Azur

The Naturoscope Association

Le Naturoscope is a non-profit organization (under the 1901 law) dedicated to nature conservation and based in Provence. Its mission is to raise awareness, educate, and provide training on sustainable development.

Our motto—“Love, Understand, Act”—reflects our approach, which is to inspire wonder through a naturalist perspective and raise awareness of the challenges of sustainable development so that everyone can act in an eco-responsible manner at their own level.

Our Activities

Programs for schoolchildren and after-school groups

- Land-based ecotourism
- Eco-tourism at sea
