Repairs Walk-in workshop to diagnose a problem, troubleshoot a glitch, or repair your computer, phone, or tablet.

Is your device broken, damaged, or experiencing a software glitch? Before calling a repair service, throwing it away, or buying a new one, come check out the workshop. Let's work together to dispel the myth that repairing your computer or smartphone is impossible or only for experts!

At La Rebooterie, you'll be guided by volunteers. You'll also have access to professional tools so you can learn not only how to repair but also how to maintain your digital device on your own.

So, just as we do with other items, let's give digital devices a second life and help reduce waste through repair.

The workshop is free and open to everyone, with no registration required.

Do the repairs yourself with the help of our team.

Every Wednesday from 2:00 p.m. to 6:00 p.m.
