URBAN-DRIVEN INNOVATIONS FOR SUSTAINABLE FOOD SYSTEMS (URBAL)

Difficulté : facile

urbal

URBAL is a platform for urban food systems innovation. It is a space where urban food systems innovators can share their experiences, learn from each other, and collaborate on projects. The platform is designed to be a hub for urban food systems innovation, providing a space for urban food systems innovators to share their experiences, learn from each other, and collaborate on projects. The platform is designed to be a hub for urban food systems innovation, providing a space for urban food systems innovators to share their experiences, learn from each other, and collaborate on projects.
