#event

Have an immersive experience with actors and actresses who dedicate their work to the ecological transition

Structure : Imaginary Worlds in Transition

Occitanie

Les Imaginaires en Transition offers visitors an immersive experience with actresses andactors who dedicate their work to the ecological transition, across all fields of activity.

Events and site visits are organized to help participants understand practices that address the challenges of the transition, to interact with hosts, and to experience different lifestyles through hands-on workshops.

The goal is to gain a better understanding of how people are taking action locally and to encourage people to take action in response to a global challenge.
